## U.S. FORMALLY NOTICES REVOLT

Taft Issues Proclamation of  
Neutrality in Mexican  
Situation

PROCLAMATION ISSUED  
AFTER CABINET MEETING

Warns Americans That They  
Stay In Mexico at Their  
Own Peril

WASHINGTON, March 2.—The first formal notice by the United States of the Vasquista insurrection in Mexico was contained in President Taft's proclamation today of United States neutrality in the Mexican situation. The proclamation was issued this morning following a cabinet meeting prior to the president's departure for New York. It warns Americans that a state of war exists in Mexico and that Americans remain there at their own peril.

## 100 POLICEWOMEN WANTED BY CHIEF

Sebastian Would Have Polic-  
ing of Angel City Broad-  
ened by Aid of Women

LOS ANGELES, March 2.—Chief of Police Sebastian wants 100 citizen policewomen.

He hopes to organize a volunteer force of that number in which all classes will be represented—society women, wage earners, club women, professional women.

They will serve without salary, of course, but will wear the star as a badge of authority and will possess the authority of which the star is the symbol.

The chief proposes that the volunteer women police shall be commanded by a captain selected from the auxiliary force and organized into squads, with lieutenants and sergeants.

Sebastian is so much in earnest that he will ask the city council to pass an ordinance providing for this organization, along lines similar to the men's citizen police force of 200 members, for which the council is preparing an ordinance.

Chief Sebastian believes women policemen could protect helpless women and unsophisticated girls to a wonderful extent.

## COSTA RICAN CITY FETES KNOX PARTY

Brilliant State Dinner Given for  
American Diplomat at  
Port Limon

SAN JOSE, Costa Rica, March 2.—A brilliant state dinner was given at the government house last night in honor of Secretary of State Knox, who arrived at 5 o'clock after a five hours' trip by special train from Port Limon. The secretary and his party were met at the station by a committee of government officials and escorted to the home of President Alvarado.

## REMARKABLE GAIN IN P. O. RECEIPTS IN LOS ANGELES

LOS ANGELES, March 2.—Indications of prosperity were given further emphasis yesterday when Postmaster W. H. Harrison announced an increase in receipts of \$16,945.65 for the month just closed, over the same month in 1911. The receipts for the month just closed totaled \$141,570.67, while for the same month last year they were \$124,625.02.

## MISS GRIM IS TO BE A CANDIDATE

ORANGE, March 2.—Miss Alma Grumm has agreed to be a candidate for city clerk, and her petitions are being circulated for signatures today. She was endorsed at a meeting of women yesterday.

## Telephone Case To Be Argued in Supreme Court

LOS ANGELES, March 1.—City Attorney W. J. Carr of Pasadena and John Schenk of Los Angeles started today for Washington to appear before the Supreme Court in the telephone case which for years has been affecting every municipality in California.

The case arose in Pomona from a controversy between the city and the Sunset Company, the question being whether the company was obliged to secure a municipal franchise to do business there. Other questions grow out of the matter, Pasadena and Los Angeles then offered to finance the fight after Pomona had carried it through two courts to the Federal Supreme Court. The case will probably be argued Wednesday next.

## DARING BANDITS BADLY WORSTED

One Killed, Two Wounded and  
Two Captured in Montreal  
Bank Robbery

MONTREAL, March 2.—Battling with the police, who attempted to arrest them, five armed bandits dynamited the safe and completely wrecked the building of the Royal Bank in West Montreal early this morning. One robber was killed, one wounded and two captured after a long chase. They secured no loot.

The attempted robbery was the most daring in the history of Canada. Last night the Canadian Pacific watchman saw men loitering about and followed them. Five hours later they crawled through steel sawn bars into the bank. The watchman notified the police and a battle ensued, the safe explosion coming as the men were driven from the building. The son of the chief of police was seriously wounded.

## LAKE IS STILL HOLDING ITS VICTIM

Searchers Unable to Find Rem-  
ains of A. B. Henrickson,  
Drowned Thursday

CONTINUE EFFORTS  
TO FIND REMAINS

Bates Telephoned That Hunt  
Would be Kept up During  
the Day

The body of A. B. Henrickson, the Santa Ana automobile man who was drowned in Lake Hemet near Hemet on Thursday, has not been recovered, according to the information received at the home of L. P. Henrickson, father of the drowned man, at 622 French street.

The father and brother, Edison, of A. B. Henrickson, and George L. Bates, who was Henrickson's partner, are still at Lake Hemet searching for the body. Every effort has been put forth by them and by others along the lake, but as yet their efforts have been unsuccessful. Bates telephoned to his home here last night, saying that the search would be continued today.

C. W. 1. Snare, who was a guest at Keen's Camp, and others witnessed the drowning. Snare's testimony, given to Coroner Dickson of Riverside at the inquest upon the body of Percy Walker, follows:

"I was on the island near the middle of Lake Hemet, being taken there in a canoe by Henrickson. On the way over he told me the oar had slipped when he was going at full speed and the canoe had nearly turned over. I told him he was not experienced enough to run the canoe and said he had better let me take him back, but he refused. The canoe belonged to Mr. Dunham of San Jacinto, and was more unstable than the average canvas canoe.

"Henrickson left me at the island and continued up the lake. In about fifteen minutes after he left me he was in the middle of the widest part of the lake. Mr. Henrickson made a pass with his oar to kill a duck when the canoe was overturned. When I saw a canoe shoot up in the air Henrickson was almost a half mile from me. I shot my gun off several times to attract attention and yelled, 'a man overboard.'

"Percy Walker was almost opposite Henrickson when he capsized. Henrickson remained on the surface with the upturned canoe about 20 minutes. When Mr. Walker realized his guest was in danger he threw off his clothes and pushed a dead log into the water and started to swim out to assist Henrickson. Before he reached him Henrickson went down. He turned around to the other gentleman on the bank and said he had gone down. Walker made two or three attempts to look for him, and realizing his own condition was serious, he started for the shore. At that time he must have been 200 yards from the shore. He tried to paddle towards the shore, supporting himself both on the log and canoe, but it was beyond his power. Being asked how he felt he replied 'all right but very cold.' He had a flask tied about his neck which he took out to resuscitate Mr. Henrickson. I heard someone ask him if he had taken a drink. He replied that he was unable to start the cork. William O. Correll, seeing that Walker was getting disabled, tried to ride his horse out into the lake to rescue Walker but by the time he reached the canoe the horse refused to go farther and threw Mr. Correll into the lake. From the time Walker started for the canoe until I got to him, he made the most gallant fight to keep his head above water.

"I at one time thought of swimming from the island to the shore to get a horse and swim out to Walker, a distance of about 50 yards. There was no other boat to be had. I took off my clothes and waited on the log until I thought I could reach Walker. I pushed off and a half minute later got to him. His head then went under water and his left arm was around the log. I raised his head and carried it on my arm until I reached the island. I yelled to the boys on the shore that he was alive. By the time we got to the island he was dead. I think he died from the shock and exposure, as he was in the water an hour and 20 minutes. His watch stopped at 12:20. When I reached the island I was completely exhausted."

DIAX READY TO LAY  
SELF ON COUNTRY'S ALTAR

NEW YORK, March 1.—A trusted friend of former President Diaz has confirmed the report that Diaz is willing to return to Mexico to solve the political problem, if he is wanted. Diaz and his son are in Southern France.

## CONGRESSMEN BEFORE COMMITTEE OF HOUSE

Congressman Berger Escorts  
Group of Men and Women  
and Children

TESTIMONY BEGINS AS  
TO STRIKE CONDITIONS

Strike Committee Rejects Five  
Per Cent Increase  
in Wages

WASHINGTON, March 2.—Thirteen children of the striking textile workers at Lawrence, Mass., with a dozen men and women workers, testified before the House committee on rules regarding strike conditions. Congressmen Wilson and Berger conducted the strikers to the committee meeting.

Two hundred were present when the committee opened its meeting, including Samuel Gompers. Presenting the children to the committee Congressman Berger said:

"The purpose of my bill is not to investigate the Lawrence strike conditions on the constitution. I point of brutal interference with the rights of women and children. President Taft and Attorney General Vickersham will attend to that. It is not my intention to urge the investigation of the wanton killing of a woman by the police or the denying of a strike to the strikers accused of his killing. My bill is merely to propose an investigation of the relations of the American Woolen Co. to the Lawrence strike."

The first witness was Samuel Lipson, a Hebrew, and a member of the strike committee, who testified: "I struck because I could not make a living. I have a wife and four children. I am a skilled workman but my wages average only nine and one dollar per week. Work is often lack, then I only make three or four dollars. We are all forced to live on that amount. We do not eat meat because we can't afford it. When wages are short the family is forced to live in bread and water."

Lipson asserted that when the Massachusetts law cut the labor hour to fifty-four, the weekly wages were reduced and the machines were speeded up, forcing the same amount of work in shorter hours. This he said, was the cause of the strike.

## STRIKERS REFUSE FIVE PER CENT INCREASE IN WAGES

LAWRENCE, Mass., March 2.—Following formal meetings this morning the strikers' committee announced that the strikers will refuse the mill owners' offer of a five per cent wage increase, and will insist on the fifteen per cent increase which was originally demanded.

The strikers' sub-committee which conferred with the mill owners at Boston this morning, reported that he mill owners' offer is "an insult to our intelligence and manhood. The strikers upheld the report."

## MILITANT TACTICS RESUMED BY WOMEN

English Suffragists Smash  
London Windows—148  
Women in Jail

LONDON, March 2.—Amid scenes of unprecedented disorder and panic a mob of infuriated Amazonians swept through the fashionable shopping district last night, wrecking the great plate glass show windows, dodging in and out among the traffic to escape arrest and making their way steadily toward the homes of Premier Asquith and his associates in Parliament, where they vented their fury with cries for "equal suffrage," interspersed with flying stones, bolts and vegetables. The damage is estimated at \$100,000.

The demonstration was the most violent in the annals of the suffrage campaign, and, before quiet was restored, a pistol ball had crashed through a window in the colonial of ice and over 148 frenzied women among them Mrs. Pankhurst, have been lodged in jail.

The raid came like a bolt from a clear sky and followed a stormy mass meeting of the militant suffragettes, where the dilatory tactics of Premier Asquith relative to the suffrage question in Parliament were attacked with fiery speeches.

## Francis Cuttle's Formal An- nouncement For Congress

Presents Platform on Which  
He Will Seek Nomination—  
Sketch of His Life and Work

The Register received yesterday afternoon through the mail the following matter pertaining to the candidacy of Francis Cuttle of Riverside for the Republican nomination for congress from the Eleventh district.

The "copy" contained a "release" date for today's afternoon papers and for tomorrow's morning papers. It was evidently sent out to the entire press of the district.

Mr. Cuttle's Platform  
Standing for the progressive principles of Roosevelt and Johnson I hereby announce myself a candidate for the nomination of the Republican party for congress in the eleventh district of California, subject to the decision of the Republican voters at the primaries, September 3, 1912, upon the following platform:

I favor:  
Putting our national government on a sound business basis, thus saving millions of dollars to our taxpayers.  
Direct nominations of all elective officers and of delegates to national conventions.  
Election of United States Senators by direct vote of the people.  
Publicity of all campaign funds before, as well as after election.

"The initiative and referendum, recall and short ballot."  
Protection and promotion of the fruit growing industry.  
River and harbor improvements, particularly in the state of California, in preparation for the increased population and commerce which will come to our state with the completion of the Panama Canal.

Conservation of the natural resources of the state in what I believe to be the truest and best sense. That these natural resources should be utilized so as to secure the greatest good to the largest number for the longest time.

Reclamation of swamp and over-land lands in some such manner as that by which the desert lands of the West have been made fruitful by irrigation.

Good roads and Federal aid in the construction and maintenance of national highways, north and south, east and west.

Retaining by the people the control of water power sites, and the development of water power under proper supervision in the interests of all of the people.  
Simplifying and expediting judicial procedure to the end that all men may have a square deal in our courts.

The best part of my life has been spent in advancing and protecting the interests of the fruit growers and preserving our waters and natural resources.

If elected to congress I pledge my best endeavor to further the interests of my constituents and my country, as above outlined, and for such other measures as will best enable my constituents, as well as all other American citizens, the right to enjoy to the fullest extent, "Life, liberty and the pursuit of happiness."

FRANCIS CUTTLE.  
Riverside, California, March 1, 1912.

## Who and What Mr. Cuttle Is

Francis Cuttle was born September 15, 1864, in Montreal, Canada, of Irish and English parents. His early boyhood was spent in the backwoods of Canada. From the age of 9 to 13 he attended the public schools of Montreal, selling newspapers on the street after school hours. He came to Riverside, California, at the age of 16, in the year 1881, and for the first few years worked as a ranch hand. Later he acquired some teams and cared for orchards in Riverside by contract. In 1888 he was appointed superintendent of the Riverside Water Company, which position he filled 16 years. For his past eight years he has been president of the same company.

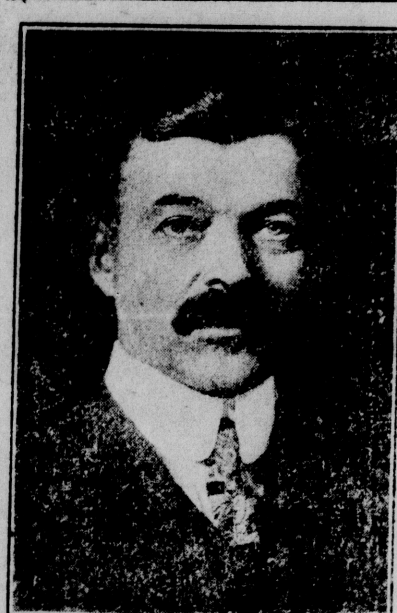

He was one of the organizers and was always been the chief officer of the Tri-County Reformation Committee, composed of people interested in conserving water used in the counties of San Bernardino, Riverside and Orange. He is also president of the Water Conservation Association, composed of irrigation people of the counties of Riverside and Orange. This organization is securing valuable results from the spreading of storm waters of the Santa Ana River at the base of the San Bernardino mountains.

He is a member of the State Conservation Commission of California, appointed by Governor Johnson for the purpose of ascertaining the present condition of the natural resources of the state of California and recommending legislation to the next session of the legislature for the better conservation of the forests, waters, water power sites, swamp lands and other natural resources of the state.

He is an orange grower on a large scale, owning at the present time an orchard of 160 acres.

He has been instrumental in securing the enactment of bills by the legislature of the state of California and the congress of the United States for the furthering and betterment of the interests of the irrigators and fruit growers.

He has never been a candidate for any political office but has always been a lively interest in all things political. During the last state campaign he was one of the organizers of the Johnson-Wallace Club and was its president until the primaries which nominated Hiram W. Johnson for governor.

## FLYING WOOD BREAKS JAW

FULLERTON, March 2.—Frans Dauser was very seriously injured this morning at 8 o'clock, at the planing mill of Brown & Dauser. A piece of gum wood weighing about 10 pounds, which he had been sawing, caught in the saw and was thrown with much force, striking him on the point of the jaw. A piece of the jaw was broken clear out, while the jaw was broken at that point. He lost five teeth on the right side, besides splitting the jaw-bone on the right side.

Dr. Bryan, who was called upon to attend him, feared that the blow had fractured the base of his skull. If that is true, the accident may prove fatal. At all events Mr. Dauser will be crippled for three or four months.

Mr. Dauser suffered an accident a year or two ago, and it was only about three months ago that his son had an eye shot out.

## LEAPED FROM AIR SHIP INTO SPACE

Capt. Albert Berry Shot 1500  
Feet Through Air to Earth  
With Parachute

ST. LOUIS, March 2.—For the first time in the history of heavier-than-air flying a man leaped from an aeroplane at Jefferson Barracks yesterday afternoon and descended to the earth in a parachute.

The man was Capt. Albert Berry, son of Capt. John Berry, winner of the national balloon race from Indianapolis. The spectacular leap was witnessed by hundreds of soldiers.

Berry, accompanied by Anthony Jannus, left the Kinch aviation field in a two-passenger biplane. Beneath the machine, in a specially constructed cage, was a large parachute similar to those aeronautes use. The trip to the barracks was made without a stop. When a favorable spot was reached, Jannus steadied the machine. Berry gave a quick jerk of a rope, a knife flashed and a man and parachute plunged downward, while the aeroplane bounded up like a cork, suddenly poised and steadied itself.

"It must have been between 1000 and 1500 feet up when I cut loose," Berry said. "I didn't feel a bit nervous. I have made many parachute leaps from balloons, and I felt certain this one would succeed."

"I can't describe my sensations. I think I was more concerned for Jannus in the aeroplane."

## TO FIGHT APPOINTMENT

PHOENIX, March 2.—Arizona Progressives have started action to prevent the confirmation of President Taft's appointment of ex-Governor Sloan as federal judge of Arizona. They allege the appointment is too satisfactory to "big business."

## DODGES QUESTIONS

SEATTLE, March 2.—Bryan dodged all questions regarding presidential candidates. He appeared never to have heard of Wilson; looked blank when Harmon was mentioned, and spoke of the weather when Clark was suggested. He intimated that he would soon make a definite statement.

## RIOTS STILL TERRORIZE PEKIN

Hundred Blocks Laid Waste  
With Twenty-Five Millions  
Property Loss

FOREIGNERS HUDDLED  
AT VARIOUS LEGATIONS

Yuan Shi Kai Unable to Cope  
With Situation—Troops  
En Route to Peking

PEKIN, March 2.—Rioters firing on the village of Paoing Fu killed 100 and returned to Peking and attacked the residence of Kuo Hsing, the ex-lower's father. A general attack on the palace formerly occupied by the emperor is expected tonight. Fires were started afresh in many sections of the city. No effort is being made to combat the flames, which are spreading rapidly before a heavy wind.

Foreigners believe the time is near when foreigners will be objects of attack. The worst massacre in the modern history of China is feared.

It is reported that many missionaries were slaughtered in the Paoing Fu riot. It is believed here that possibly one or two were killed.

Following a conference of the foreign diplomats it was decided to rush every available foreign soldier here. A mixed detachment of 1000 is expected tomorrow.

PEKIN, March 2.—A hundred blocks of this city have been devastated, and the latest estimate of property damage from the riots is \$25,000,000. Affairs are quiet today, but further trouble is feared. Foreigners are huddled together at the various legations.

All foreigners at Pao Ting Fu have taken refuge in the foreign legations here. The foreign officers at Tien Tsin have been appealed to for troops. A thousand armed Germans and British are en route.

Several fires were started during the day, resulting in thousands of dollars' worth of damage, while many people were hurt and others reported as killed.

President Yuan has practically admitted that he is unable to preserve order in Peking by summoning troops from Nanking. General Luan Chang, former commander-in-chief of the republican army, will take command if the situation.

YUAN SHI KAI UNABLE  
TO COPE WITH SITUATION

TIEN TSIN, March 1.—To protect foreign lives and property, a strong detachment of American troops has been ordered to Peking. American commanders are reported to have cabled the state department that Yuan Shi Kai is apparently unable to cope with the situation.

Scores of civilians were slain by the marauding troops at Pao Ting Fu, according to dispatches here. Looting is progressing there.

A warning has been issued by the diplomatic corps for all foreigners to take refuge at the consulate on signal. Trouble is brewing on all sides and a crisis is threatened. In the outlying towns are rioting and pillaging.

## DARROW DECLARES HE IS NOT GUILTY

LOS ANGELES, March 2.—Following rumors that Clarence Darrow would confess and that Bert H. Franklin's plea of guilty had undermined his case, Darrow gave the United Press the following signed statement: "I am not guilty. I have not known of any attempt to corruptly influence the McNamara jurors. No overture has been made to or by me to any one of by any one with my knowledge or consent, with reference to a plea of guilty. I have nothing to plead guilty to. No such action is considered or will be considered by me."

## FIGHT ON TRANSCRIPT MAY BRING UNEX- PECTED DEVELOPMENT

LOS ANGELES, March 1.—Following a conference with others of the Darrow defense attorneys, Earl Rogers announced that he is looking for no favors from the district attorney's office in the matter of an amended grand jury transcript, but he will demand that the transcript conform to the law in every manner. He declared that he would pay no attention to the district attorney's alleged offer to furnish elaborate notes in the place of the alleged missing transcript.

The district attorney declared that if the transcript proved insufficient he would quash the Darrow indictments and re-arrest him on criminal information.

# ANTI-SALOON FIELD DAY-SLOGAN: "ORANGE COUNTY ALL WHITE"

ers to Speak Tomorrow

## FIELD DAY FOLLOWS UP CONVENTION YESTERDAY

Anti-Saloon Forces Assembled  
Here in Campaign for  
Orange County

Tomorrow will be Anti-Saloon Field Day in Orange County. Prominent state workers, including Dr. Erwin S. Chapman, Hugh Gibson, Miss Will, J. H. Young, will give addresses in different churches morning and evening.

This field day follows the successful County Anti-Saloon convention held yesterday afternoon and evening an account of which follows the field day assignments below:

### ANTI-SALOON FIELD DAY

Sunday, March Third  
Anti-saloon meetings will be held in the following Orange County churches tomorrow:

Addressed by Dr. E. S. Chapman: United Presbyterian of Santa Ana at 11 a. m. First Baptist of Santa Ana at 7 p. m.

Addressed by Miss Glenn Will: Villa Park Congregational at 11 a. m. First Christian of Santa Ana at 7 p. m.

Addressed by Rev. Hugh C. Gibson: Wintersburg M. E. at 11 a. m. Winchester Union at 7:30 p. m.

R. H. Young will talk for awhile at the close of the Sabbath school in the Reformed Presbyterian church of Santa Ana.

These speakers are: The superintendent of the State League of Southern California, Dr. Chapman; his assistant, Rev. Mr. Gibson; Field Secretary Miss Will, and Field Worker Mr. Young.

### 1912 COUNTY ANTI-SALOON CONVENTION YESTERDAY

Rev. W. L. C. Samson was chosen chairman of the Anti-Saloon convention yesterday afternoon and Dr. J. Thompson secretary. Revs. Stevenson and Murkett took part in the opening service. The MacWatters Quartette sang a number of times and was most heartily applauded.

J. R. Schooley, Rev. J. M. Ziegler, Mrs. Emma S. Michels, Mrs. Emma H. Edwards and C. S. Forgy were appointed a committee on nominations. The question box and round table were in charge of Dr. E. S. Chapman. During an hour the doctor ably answered thirty questions and gave an immense amount of information concerning the work of the League in this county, the state and the nation.

On motion the chairman was directed to wire United States Senators Works and Perkins, urging vigorous support of the Kenyon interstate commerce bill.

The convention voted unanimously to work for "Orange County All White."

The evening session was called to order at 7:30. Following the devotional service, the M. E. South quartet sang very acceptably and responded to an encore.

The committee on nomination reported. The convention amended the report and then elected the following county league officers:

President—C. S. Forgy.  
Vice Presidents—S. M. Davis, R. J. Thompson, Mrs. Lizzie Warren and L. C. Yeoman.

Secretary—John R. Schooley.

"Woman's Work" was the subject of a most interesting talk by Mrs. W. B. Tedford. She showed that women had always done much for bettering conditions. Now that women are both organized and enfranchised she felt that they would exercise a powerful influence for good.

At Washington

Dr. Chapman gave a characteristic talk. Most interestingly did he tell of the recent National Anti-Saloon League convention held during December in Washington, D. C. His review of the work going on in the nation was most pleasing. His enumeration of senators, congressmen and governors who attended the sessions was thrillingly interesting.

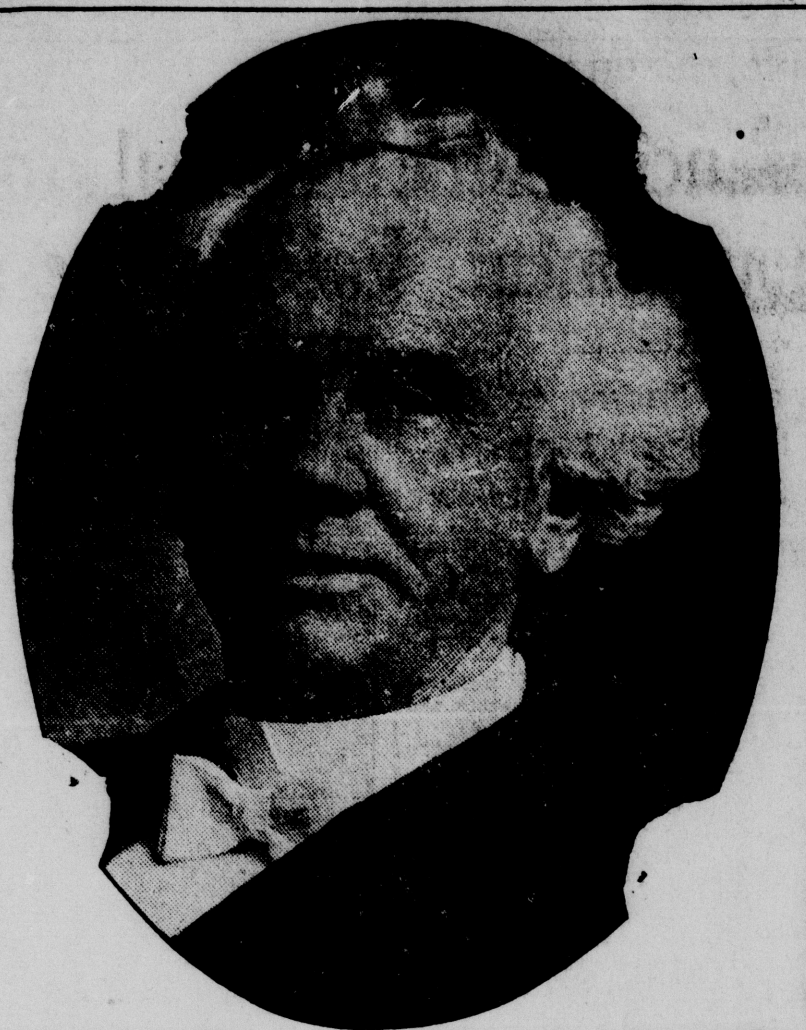

Then the doctor told of the birth, development and completion of the Rabbit Drive story, the book which is having a remarkable sale and doing great good.

## EXPERT'S SPEED ON TYPEWRITER

Orange County Business College Has Demonstration by Master Typist

Mr. H. O. Blaisdell, who holds two gold medals as the world's champion for 1910 and 1911 in the art of "Touch Typewriting," was put on exhibition yesterday in Orange County Business College as one of the most rapid and skillful operators the world has yet produced.

For more than an hour this master of the typewriter was before the student body, and during that time every test possible that would show the possibilities of greater efficiency in this useful art was given Mr. Blaisdell by Mr. Hart, local representative of the Underwood Company, and by the faculty of Orange County Business College. Some of the records made were as follows:

Two hundred and twenty words per minute were written from familiar matter on a machine which had the letters covered and not a single error was made; this test required the operator to take out one sheet of paper and insert another while the time was being charged up to him. On the second test 125 words per minute were written while the operator was blindfolded, and only a single error was found in the manuscript. On the third test, 148 words per minute were written from familiar matter with absolutely no error. On the fourth test, new matter was dictated to him by a teacher of typewriting of the faculty of the college, and in this test 123 words per minute were written with only one mistake. Many other demonstrations of skill were made, and a very helpful talk on "Touch Typewriting" given by Mr. Blaisdell, which were of great value to the student body and was listened to with rapt attention.

New Enrollments  
Orange County Business College for the past week are: Mr. I. L. Barr of Artesia, Mr. Harper of Orange, Miss Lois Johnson of Nebraska, and Mr. Thomas Scudder of Santa Ana.

President McCormack is spending today in Los Angeles on business.

### WORLD'S CHAMPION TYPIST AT COMMERCIAL HIGH SCHOOL

Mr. H. O. Blaisdell, the world's champion typewriter operator, gave an excellent demonstration at the Commercial High School Friday afternoon.

Mr. Blaisdell has been in speed work for four years, the last two of which have been devoted exclusively to contest work. He won the world's championship by writing 7077 words in sixty minutes at the international contest held in New York City last October. In one hour he struck the keys and the space-bar of his machine 37005 times, which means 10.28 strokes per second. During the hour he turned twenty-five pages of copy and inserted fifteen sheets of paper into the machine, for which no time was allowed.

After the demonstration at the Commercial High School Mr. Blaisdell gave the students of typewriting some very helpful suggestions. He emphasized the importance of accuracy, and stated that by experience he had learned that while acquiring accuracy speed would take care of itself.

## GLENN MARTIN IN AIR AT SACRAMENTO

SACRAMENTO, March 2.—Charles K. Hamilton and Glenn Martin, who with Blanche Stuart Scott, Philip Parmalee, Farnum Fish and Horace Kearney are scheduled to participate in a two-day aviation meet here, beginning this afternoon, each made a successful test flight at the aviation grounds yesterday afternoon.

Martin, in the face of a choppy wind, remained in the air about ten minutes, making a perfect landing after dropping 500 feet in a spiral glide from an altitude of about 800 feet. Hamilton made his ascent at dusk and remained in the air only long enough to test his aeroplane, which he is using for the first time since his smash-up at Galveston.

### WORK HARD TODAY

Now that you have read thus far you undoubtedly are satisfied that there will be something doing in the vote-cutting line after today.

But you still have several hours before you. This is a day that is not hampered by inclement weather. It is a day that your friends should feel enthused to the utmost. It is for you to have them realize that the last hours of this great vote schedule are about to be counted with the past. It is a day when every candidate in this popular race for the big \$1400.00 E-M-F Car will be the picture of vim and vigor. No exertion will be too great today for a candidate who is bent on winning. She will be among her friends from now until the last extra ballot is written after dark this evening.

Enthuse those who have promised you their subscriptions. Have them realize, as you do, that their subscription now will count more than it ever will again and see that they give it to you. This is a day for action and a day that perhaps will be the most telling during all the days of the contest.

Get on the "vote-getting wagon" today and stay there as you never did before. See that your competitor gets one vote less than you do when this contest comes to an end. There is nothing so terribly difficult about that, and yet it is all that is necessary for you to be a winner.

Contests will probably come and go in the years hence, but there will never be a contest that will have a more evenly matched, good-natured list of candidates than this popular Register Contest.

You are all favorites and your chances today are as near equal as any of you could hope for. It now becomes a question of indomitable energy and push, and the candidate who exercises this quality the greatest will indeed be a dangerous competitor.

Let contest be in your mind from now until the clock strikes 8 tonight. Do your best and you have done well, and what is more, you have shown true loyalty to the friends who have been supporting you.

504 1/2 NORTH MAIN ST.  
Mr. Clarence A. Gustlin, the Founder and Director of the Orange County Conservatory of Music, has, through his persistent application of the highest and sincerest musical ideals, earned the respect of critics and public confidence in goodly share. From earliest childhood he has had the advantage of only the best of instruction. This training he has turned to account in a long experience of teaching and public performance. Upon the advice of no less a celebrity than Paderewski, he went abroad in the fall of 1907 to absorb the best the old world might afford. Principally in the great musical cities, Berlin, Germany, and Florence, Italy, he spent three years under circumstances that were indeed exceptional in point of environment and association. In Berlin he gave his principal attention to the study of Piano, while in Italy he devoted himself to mastering the principles of Bel Canto, the Italian method of Voice production which has no equal in the world. During his whole stay abroad he devoted much time to the study of German, French, and Italian, especially with the view of teaching Elocution and Pronunciation in these foreign languages. Mr. Gustlin accepts only the more advanced and talented piano pupils but takes exclusive charge of the Vocal work. He is available for a limited number of engagements as Pianist, arrangements for which should be made at the Conservatory office.

M. G. MASCAL, the Baritone with the Golden Voice, to appear next Monday at the Grand Opera House.

### AMUSEMENTS

**An Evening of Wondrous Music**  
Scenes from the most popular operas will serve to introduce on Monday night at the Grand Opera House a galaxy of star singers as very seldom are to be found together.

Mr. Affre, the premier tenor of the Paris Grand Opera, has held for nineteen years this position; during that time he has sung before every ruler of Europe and has been commanded to sing before King Edward on several occasions. He is a royal tenor and refused an opportunity of opening in Boston two years ago with the Boston Grand Opera organization. Mr. Mascall, the baritone, is likewise a singer from the Paris Grand Opera, and refused no less an offer than one to tour with Tetrazzini this year throughout America, preferring to stay with his friends in this organization. The success obtained by Mr. Mascall in San Francisco and Los Angeles has been tremendous. Mme. Richardson is the original "Salome," who created the part in the Paris Grand Opera two years ago. She is an ideal singer and a very dramatic actress.

Miss D'Aubigny, who will appear in Herodias, is from the Paris Opera Comique, where her charming voice and her dramatic ability have secured for her a most enviable position.

Mr. G. Pointel has been or several years pianist and director of singing at the Opera Comique and is, therefore, fully qualified to hold the position of Musical Director to this organization.

The bill to be given on Monday night is a tremendous one and will present every member of the company in solos, duets, trios and quartets. These artists rank with Schumann-Heink, Tetrazzini, Caruso, Kube-

lik, John McCormack, etc., and the person who stays away from the Grand next Monday will be the only loser.

When the curtain rises on the third act of "The Squaw Man," Edwin M. Royle's play of ranch life in the West which comes to the Grand Opera House, March 5th, the audience is soon to gasp. The scene is so realistic, one can almost imagine being out in the burning sun on the plains of Wyoming, with nothing in sight but cactus plants and alkali water; and when the cowboys are seen coming into the ranch yard, dusting themselves, the whole effect is most realistic.

The first act of "The Squaw Man," is laid in England, the remaining three in Wyoming.

This typical Western drama deals with the romance and adventures of a young officer of the English government; the son of a noble house, who takes upon himself the onus of a crime committed by another, that the family honor may not be smirched and innocent lives ruined. He leaves England under this cloud and plunges into the life of the far West, which he pursues for several years; but finally emerges with his name cleared and comes into possession of an earldom and a wife. The character is embodied by Mr. Dill in a manner that proclaims his adaptability for this kind of stage work. His sentiment is always fine and manful and he seems especially happy in his appeal for public interest and sympathy.

"Boss of Z Ranch," a Western Comedy Drama of the better class will be seen at the Mirror Theater for two nights on Monday and Tuesday, March 4 and 5, presented by the Art Stock Company, a talented organization now playing the Southern towns. This clever company expects to play here once each week and for that reason besides many more, the

local theater goers are promised something much better than the usual line of attractions at popular prices. Boss of Z Ranch, is a melodrama of the West, where cowboys, Mexicans, Indians and other Western types make their headquarters. The unconventional story, the picturesque characters, the intense dramatic situations and thrilling scenes and the laughable comedy scenes make this play one that cannot fail to make an unusual impression on all classes of theater goers. Miss Cleo Madison who is being featured, will be seen as Florence Curtis, the Boss of the Ranch. A complete scenic production is promised. The prices will be 10c, 25c and 35c. Seats on sale at Mirror Theater.

**What's in a Name?**  
It all depends upon whose name it is, particularly the name on a check; also in amusement. The man's name who selects the attractions, Manager Roberts of the Bell and Temple theaters, is known by all, old and young, as the man getting the best of attractions, and at the Bell tonight and Sunday, one of the funniest names for a funny picture is *Pants and Pansies*—well it is a big long laugh. With a Kodak is another comedy. *The Mortgage*, and *How It is Paid Off*, is a defeat to the money lender, and "For the Honor of the Family" is a highly dramatic picture play, while Miss Lillian Taylor in high class selections on the banjo, and Mr. Harry Walton in imitations, have no equal in vaudeville. All go to produce a splendid bill, and presented by "Doc" assures satisfaction to all.

## A REAL PROGRESSIVE

Special correspondence from Washington indicates that the chief topic of conversation in capitol circles during the past few days has been the speech of Colonel Roosevelt made before the Ohio Constitutional Convention. Practically every progressive at the capitol has expressed approbation of the sentiments uttered by the former President. These men and men everywhere are prone to make comparisons between the utterances of Colonel Roosevelt, Abraham Lincoln and President Taft. After making these comparisons it is generally conceded that the principles of self-government as expressed by Lincoln are better understood by Colonel Roosevelt than by Mr. Taft.

President Lincoln said: "This country, with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their constitutional right of amending it, or their revolutionary right to dismember or overthrow it. . . . Why should there not be a patient confidence in the ultimate justice of the people? Is there any better or equal hope in the world?"

In marked contrast to this policy outlined a half century ago is the policy of President Taft, who has said: "There are those who do not believe that all the people are fitted for popular government. Some of us dare not say so, but I do. . . . We are called upon now, we of the bar, to say whether we are going to protect the institution of the judiciary, and continue it independent of the majority, or of all the people."

Colonel Roosevelt said in his Columbus speech: "I believe in pure Democracy. With Lincoln, I hold that this country, with its institutions belongs to the people who inhabit it. We Progressives believe that the people have the right, the power and the duty to protect themselves and their own welfare; that human rights are supreme over all other rights; that wealth should be the servant, not the master, of the people. We believe that unless representative government does absolutely represent the people it is not representative government at all."

After giving these three statements full consideration some of the Progressive Senators who have been viewing Mr. Roosevelt with suspicion have cast all their doubts aside and say he has shown himself to be a "Real" Progressive.

## COUNTY CHARTER PLANS

Riverside Press: San Bernardino county has progressed so far in the matter of framing a special county charter that the supervisors are publishing the preliminary ordinance regarding the election of freeholders. This will be followed by a regular election notice and it is expected that the freeholders will be chosen some time in April or early in May.

Los Angeles county has just begun to act in the matter and the district attorney has framed an ordinance which will set the machinery in motion there for the election of freeholders.

In both these counties the plan is to have the charter voted on in time to be submitted to the legislature for approval at the session which will begin in January, 1913. The charters cannot go into effect until the terms of the present county officers expire, which will be January 1, 1915; but in order to get the charters approved by the legislature in time for the county election in November, 1914, it will be necessary to have them framed and voted on within the next 12 months.

By all means Riverside ought to avail itself of this law; and in the near future steps should be taken to discuss the matter and prepare for action.

## WHY THE ROSEBERRY LAW

Contributed by the Industrial Accident Board

Often we feel that because an idea is new to us it must be new to the world, whereas there are ever so few things under the sun that are wholly new. The beginnings of the idea of compensation to injured workmen date back a hundred years. At the close of the Napoleonic wars Europe began to be able to think of something besides war, and the state of the industrially helpless soon commanded attention. Long before that the disasters attendant upon sea-faring and fishing had impressed the public and official mind that something ought to be done for the relief of sick and injured sailors, their wives and children to provide a fund which could be used in aid of the injured in that particular calling. Usually this was done by deducting a certain percentage from the wages of all seamen and adding to it an amount from the treasury of the ship, sometimes equal to the wage contribution, sometimes not so much, but out of this fund the distresses of the injured and their dependents were relieved to an extent that greatly diminished their calling upon the general poor relief funds of the maritime countries of Europe.

With the use of the high-pressure steam engine the mining of coal began to be a great industry wherever coal could be found, and it was soon noticed that coal mining was making as many crippled paupers and dependents as sea-faring, so what was more natural than that the same idea of financial aid to the injured, that had been applied with so much satisfaction to the relief of those who go down to the sea in ships, should be applied to those who go down into the darkness of the earth to mine coal to fire the engines of industry? The mine owners and operators protested, but governments persisted and so relief funds were created for the benefit of those who were injured in coal mining and for the benefit of those who were killed under ground.

## BENEFITS FROM DRY SEASON AS WELL AS RAINY IF CARE IS TAKEN

FROM THE PASADENA STAR.

Dr. Eliot, in his inspiring little book, "The Durable Satisfaction of Life," tells of a good, optimistic old woman who, bound to be thankful for something in her darkest hours of distress and adversity, was wont to thank the Lord that she had a good appetite and could enjoy her "vittles." Which leads to the observation that the optimistic resident of Southern California, even in the midst of a comparatively dry season, literally may take a glass of water into the sunshine and create a rainbow through refraction of rays. Long-continued dry weather in winter is not just what everybody resents in Southern California wants. But what's the use of repining and fretting and growing pessimistic? If everybody in Southern California went into an astute attack of mulligans over the dry weather, that wouldn't be any more effective in bringing a downpour an hour sooner than Providence dictates, than is Hatfield, the rainmaker. Fact is, there is much to be thankful for, even in a dry year. The Star proposes to display the silver lining to the cloud—of dry-weather dust.

Think of the splendid boosting this section is getting this winter among the tourists. A dry, warm, sunny winter is making Southern California "all solid" with thousands of them. They will come back every winter and bring their friends, hoping each year to strike just another such winter. And, of course, after a season or two spent here, they will have acquired the Southern California habit and will keep right on coming, rain or shine.

The comparatively dry season has a good moralizing effect also. It impresses the lesson of being frugal with the water supply. It teaches that conservation must be practiced.

Smile with the sunshine. Sing with the birds. Rejoice with the tourists. Thank the Lord that you live in a goodly land, where there is never a famine, or a very disastrous drought—where if one crop fails, there is such diversity of productions, the failure is overbalanced by bounteous crops in other lines. Let the rainbow of hope span the clear skies. There is plenty of time yet for a great deal of rain, before the normal dry season begins.

## STEAM ROLLER TACTICS SEEM ADMISSION OF FEAR

WASHINGTON, March 2.—(Special)—Further evidence of the "steam roller" being used to a large extent by the administration nomination campaign managers, is contained in the fact of the recent withdrawal by the President of ten nominees for federal positions in North Carolina, which he had sent to the Senate. Until the owners of these names can establish that they are good Taft men none of the names will be returned to that body.

The men whom Mr. Taft, up to a few days ago, wanted the Senate to confirm were all nominated for fourth class postmasterships save two who are collectors of customs for the districts of Pemlico and Beauford. Some of them were suggested by John M. Moorehouse, state chairman of North Carolina, and the rest of them by E. C. Duncan, national committeeman.

From various people throughout North Carolina, has come the information that word went forth that all those ten men had to be good Taft men, or their names would never return to the Senate.

Progressives in Washington say this action on the part of the President is part of the scheme of campaign outlined for the administration forces by "Uncle Joe" Cannon, Chairman McKinley, Senators Smoot, Crane and Penrose, and ex-Senator Aldrich, all prominent stand-patters, who have been chosen by Mr. Taft to act as his political advisors.

A rumor which gained wide currency in Washington today was to the effect that President Taft will refuse to accept the nomination should any of the policies advocated by Colonel Roosevelt be inserted in the Republican platform. It is stated that Mr. Taft has made known this determination to several of his intimates.

mate political friends, and progressives take this as an admission on the part of the President that he fears the sentiment in favor of Colonel Roosevelt, which is sweeping over the country.

### SUCCESSFUL CANTATA

Queen Esther Given With Rich Costuming and Able Interpretation

Under the auspices of the Christian Endeavor Society of the Christian church, the cantata, "Queen Esther," was ably presented last night at the Grand Opera House. The costuming was very beautiful, some of the robes worn by the principal characters, being of truly royal appearance.

Mrs. Lloyd Beckett made a lovely and stately Queen Esther, acting the difficult part of that noble queen with feeling and dignity. The duet between the queen and Mordecai, where she decides to "go unto the King" was one of the most beautiful numbers of the evening.

Clifford Johnson as King Ahasuerus was exceedingly good, carrying off the honors of the evening. The rich timbre of his voice was shown to excellent advantage in the solo, "What Wilt Thou, Queen Esther?" His delivery of the impressive solos falling to his role was very satisfactory.

Raymond A. Miles gave an excellent rendition of "Mordecai," his sweet tenor voice winning admiration.

Haman's part was taken up by Mr. Maurice Phillips whose rich resonant voice was a delight to the audience.

Miss LaRue Fippa as Zeresh, was pleasing and the duets sung by Miss Fippa and Mr. Phillips were among the treats of the evening; especially good being the duet, "The Hour Has Come to Part."

Mrs. Coleman as Mordecai's sister, Miss Witt as the prophetess, Mrs. Allen as a Median princess, Miss Ray Knight as a Persian princess, Mr. Chapman as the scribe, Frank Scholes in the triple role of the beggar, Hege and the high priest, Bruce Scholes as the Herald and Walter Guiley as an armorer were all acceptable.

The cantata was greeted by a well-filled house and a generous sum must have been realized by the C. E. Society, under whose patronage it was given.

### Missionary Meeting

The regular business meeting of the Women's Missionary Society of the Methodist Church South, was held Friday afternoon in the church parlors with a goodly number in attendance. Rev. Mr. Stom was present and opened the meeting with devotional exercises. Mrs. Hays read a scripture lesson.

Excellent reports along various lines were given, one of these being a special report given by Mrs. Haughton on the recent Los Angeles Missionary conference.

Each member of the society pledged \$7 to the Forward Movement fund. Every feature of the meeting which was closed with prayer by Mrs. Madden, was of much interest.

You are going to miss one of the finest musical treats which it ever will be your privilege to enjoy in Santa Ana if you fail to attend the Paris Operatic Concert Monday evening. We are certain of this.

## WILL REDUCE YOUR GAS BILL

The Economic Top is made of cast iron with four removable lids—for any two, three, or four burner gas stove.

The Economic Top placed on your gas stove furnishes double the cooking space, while the gas required is about one-half the amount usually used. Two burners will heat the whole stove top, as every particle of heat is retained and radiated under the entire surface. Large flat surface is easily cleaned—burners are protected from grease and dirt. With no burner turned low, food may be kept hot indefinitely. Every advantage of the heat of wood range top, while your gas bill is reduced by one-half. Costs only one cent and one minute of your time to investigate.

### CONCERT BOX PARTIES

Music Lovers Anticipating a Rich Treat in Musical Event of Monday Night

To have the privilege of hearing some of the richest gems of famous operas ably interpreted is presenting itself to the people of this city in the operatic concert to be given next Monday night at the Grand Opera House. The list of artists presented by the Paris Operatic Concert Company includes M. Affre, the mellifluous tenor; Mascari, the golden-voiced baritone; and Mlle Tarny, the dramatic contralto; Mme. Richardson and Mlle D'Aubigny, brilliant sopranos, all adequate to the superb task of interpreting great music.

Box parties have already been formed for the musical event of Monday night. Among these are Mr. and Mrs. James S. Rice with Miss Stella Preble, Ernest Crozier Phillips, Miss Phillips and Mrs. Phillips; Rev. and Mrs. J. Herndon Garnett with Mr. and Mrs. Lou P. Hickox, Prof. and Mrs. J. A. Cranston, Mrs. Ella Fyfe with Miss Alice Hallett Taylor, Miss Mary Wilkes, Miss Elsie Harrison, Miss Mary Wakeham, Miss Carolyn Haughton, Rev. and Mrs. Otto S. Russell, Mrs. and Mrs. Bellew, Rev. and Mrs. J. A. Stevenson.

Many others prominent in social and professional life are arranging to be present at what promises to be one of the richest musical events Santa Ana has known.

### Horton-Goodwin

Mr. and Mrs. Fay Horton arrived here yesterday to visit Mrs. George Hemstock, and Messrs. Clyde and D. B. Horton, sister and brothers of Mr. Horton.

The friends of the Horton family, which has long been identified with the life of Santa Ana, will be surprised to hear of the marriage of young Mr. Horton. It took place at the home of the bride's parents at Hanford on Feb. 28, and the young bride's former name was Miss Blanche Goodwin.

Many good wishes will be extended to the young people by their Santa Ana friends.

### The Finch Club

Mr. and Mrs. J. J. Roper entertained the Finch Club of which they are members at their home on Orange avenue, last evening.

The evening opened, as is the custom of the club, with a dinner served at 6:30 o'clock. A center piece of poinsettias and ferns was used on the dining table.

After the appetizing meal, the guests adjourned to the living room, where finch was enjoyed. Those present were: Mr. and Mrs. J. W. Bishop, Mr. and Mrs. L. J. Carden, Mr. and Mrs. H. C. Dawes, Mr. and Mrs. W. M. Smart, Mr. and Mrs. W. E. Winslow.

### St. David's Day

Mr. and Mrs. M. L. Lano went to Los Angeles last evening to attend the annual celebration of St. David's day by the Welsh people of Southern California. The event was in the nature of a banquet and program at Federation hall in the Wright and Callender building, and was largely attended. The star address of the evening was by that brilliant minister, Dr. Matt S. Hughes of Pasadena, and the efficient toastmaster of the occasion was Dr. Howland of Los Angeles. Splendid Welsh songs rendered music of unusual order and the entire evening was delightful to every one who attended. The Lanoes and others from Santa Ana who were present, were well repaid for the trip to the city.

Tonight go where the crowd goes—to the Skating Rink.

### VIOLET WHIST PARTY

Mrs. A. A. Avery Entertained Number of Friends at Pleasant Function

Mrs. A. A. Avery entertained about thirty-five of her friends yesterday afternoon with a violet whist party. The violet and green color scheme used, was carried out in every detail of the entertainment. The hostess was attired in a lavender gown. Violets and asparagus plumos made fragrant the living room, where six tables of players were seated.

At the close of the interesting games, Mrs. George Balderston was found to have high score, and was presented with a handsome hand-painted plate, decorated with violets, while the second prize, a violet motto, was awarded to Mrs. J. S. Wasserman. Mrs. Verne Whitson was consoled with a shower bouquet of violets. A delicious two-course collation was served on the small tables, each of which was ornamented by a cut glass bowl filled with violets and maiden-hair fern.

The invited list was as follows: Mesdames Crawford, W. H. Spurgeon, Jr., E. S. Morrow, H. M. Robertson, Carl Strook, H. Kittle, George Briggs, Frank True, George Balderston, J. S. Wasserman, John Wehrly, E. S. Gilbert, Max Reinhaus, W. L. Grubb, Oliver Remsburg, Frank E. Henry Diers, Arthur Pease, Verne Whitson, Cora Cavina, Will Flood, F. Fuller, W. S. Peck, F. Freeman, Lewis Moulton, Russell Scott, W. L. Tubbs; Misses Therese Reinhaus, Pauline Reinhaus, Selton, and Lottie Padgham. The out-of-town guests were Mesdames Ross, C. D. Avery and Ida Iversen, of Los Angeles; Grubb, of Denver, and Geo. Parr, of Long Beach.

### Veteran Rebekahs

The California Veteran Rebekah Association was entertained yesterday afternoon at the home of Mrs. A. Crockett Bowers. The pleasant room of the Bowers home were artistically decorated with beautiful yellow jonquils and ferns. The hostess was assisted by Mesdames Anderson and Baade. At the close of the afternoon, delicious refreshments were served in the dining room, where the same lovely flowers were used.

There were sixteen members present, besides two invited guests, Mrs. Chris McNeill and Mrs. Bell Buck.

### Travel Club

Travelers' Club, Number One, will meet with Mrs. A. W. Ames on Monday afternoon, March 4.

### Pleasant Luncheon

Another of the delightful social affairs frequently given at the hospitable French home took place yesterday with Mrs. C. E. French and her daughter, Miss Ethel, as hostesses. It was a delightfully appointed six-course luncheon served at one o'clock.

Baskets of freshias with bows of fluffy bows of pink ruffe that gave a note of the joyous spring time to the occasion, were used in the house and table decorations.

Equally happy with the hour spent around the luncheon table, was the afternoon that followed. Merry chat, the interchange of thought and the harmonies of song lent pleasure to the speeding hours. Mrs. James Rice, who is ever ready to give pleasure to her friends with her sympathetic voice, sang a number of solos with unusual expression and sweetness.

Those who enjoyed the hospitality of Mrs. and Miss French were Mesdames W. F. Lutz, A. J. Crookshank, J. S. Rice, W. E. Winslow, W. A. Zimmerman, J. R. Medlock, C. F. Hell, J. R. Roberts, C. F. Krauss, P. R. Reynolds, H. H. Reeves, W. L. Tubbs, F. B. Case, F. H. Case, E. B. Burns and Miss Stella Preble.

Poetry in Skyscrapers

It is a mistake to think we must go back a thousand years or more for genuine poetic inspiration, or that the poet of today must necessarily confine himself to the veins that the Greeks worked to create their lasting vigour. There is poetry in the big modern institutions where twentieth century life pulsates. If only there be the imagination that can treat it in a masterly way.

## TRUSTEES TO LOOK INTO IT

New Orders of Gas Company, Considered Arbitrary, to be Taken up Monday

City Attorney Heathman states that the City Trustees next Monday night will take up for consideration the new orders of the Southern Counties Gas Company. The City Trustees have openly charged the gas company with high-handed measures, and it seems to be understood at the city hall that the most recent measures adopted by the gas company received considerable criticism at the finance meeting of the Trustees last night.

The bills that are being sent out by the gas company for last month's service contain two slips pasted to each bill. One slip reads: "On March 1, 1912, the minimum charge for gas consumed will be \$1.00." The other slip reads: "Please bring in your meter deposit receipt with this bill and have it validated by issue to you of the 1912 receipt. This is important for your protection."

City Attorney Heathman said today that it is his opinion that any charge for more gas than is used is illegal, except in case where both electricity and gas are supplied and then the minimum of fifty cents is fixed.

"Suppose you use eighty sets worth of gas, and they attempt and do collect \$1, then they have illegally taken from you the sum of twenty cents," said the city attorney. "In January this some company instituted a procedure whereby it endeavored to and did collect from those who were easy an additional fifteen per cent if the gas bill was not paid by the 15th of the month. Whatever money that company got from the consumers by that procedure was absolutely illegal, and they know it. I told them so myself."

"As to this meter deposit matter, it looks to me as though the company expects to get \$5 from every person who cannot produce a meter deposit receipt."

One statement that has caused no small number of sarcastic remarks is the statement "This is important for your protection."

Yesterday a family was moving from a house and another was moving in. The gas company was asked to send a man out to read the meter off for the family moving out and read it on for the one moving in. The gas company sent a man out and removed the meter, and left word that the man moving in would have to put up \$5 as a deposit before the meter would be put back. This meter had been in the house for years. If there ever was a deposit paid on it, it has been forgotten and the receipt lost, and that is the situation as pertaining to a large majority of the houses in Santa Ana.

**His Own Bicycle**  
C. H. Chapman was caught with his own bicycle Wednesday evening, but he will not be prosecuted for having it.

Chapman left his bicycle on the stairs at the Grand Opera House a short time ago, and when he returned for it the bicycle was gone.

Wednesday evening Officer Ryan arrested a Mexican named Elins Gordino. Gordino was stretched out beside the sidewalk in an intoxicated condition, and the bicycle he had been attempting to ride was against the curb. After Ryan took the man to jail he returned for the bicycle. Someone told him that a man then riding it, way had taken it. Ryan hastened after this man, and stomped him.

"Where did you get that bicycle?" he asked.

"It is my bicycle," replied Chapman. "It was stolen from me and I just now found it."

Ryan expects to proceed against the Mexican on a charge of bicycle toasting. City Recorder sent the man to jail for five days for intoxication.

**Too Much Speed**  
Charles Wilson, the well-boror, who drives the car that won the Phoenix road race two years ago, paid a fine of \$10 in City Recorder Wilson's court yesterday for fast driving on East Fourth street.

Two motorcycleists, Floyd Knight and George Brown, paid \$5 apiece for speeding.

Ralph McTaggart paid a fine of \$5 today for speeding a motorcycle on North Broadway.

## ON PEDDLERS AND OUTSIDERS

Anaheim Merchants Take up Matter of Licensing for Protection of Merchants

ANAHEIM, March 2.—The Anaheim Merchants Association held a meeting last night in the public library building and besides the routine business transacted the matter of regulating the number of peddlers in this city was discussed with a view to having the matter regulated by ordinance. The matter of outside merchants soliciting business in this city was discussed, and it was thought by those present that they should be compelled to pay the regular license fee which is collected from men doing similar business who are located here.

## HEAVY RAIN ONLY WILL PREVENT GAME

ANAHEIM, March 2.—Manager Fiala of the Anaheim baseball team says that only a heavy rain will stop the game with the Clark Colts tomorrow and everything points to one of the closest games of the year. He has also announced that he will keep advance news of the fights in Los Angeles at his Ideal Poolroom on West Center.

The local high school team is having a track meeting today with Huntington Beach at the beach. The local boys have some good men and should give a good account of themselves.

## HE VIOLATED HIS PAROLE

ANAHEIM, March 2.—Francisco Marquez, the Mexican who was convicted of stealing walnuts, and who was paroled from the county jail last Friday, was rearrested last night by Marshal Kellenberger and returned to the county jail to serve out his term. On being freed he returned to this city and last Sunday he broke his parole by disturbing the peace at his home near the sugar factory. He was taken to Santa Ana last night.

## POPULAR COUPLE GIVEN A SURPRISE

ANAHEIM, March 2.—Yesterday was the twenty-fifth wedding anniversary of Mr. and Mrs. C. Eygabroad. They were completely surprised when a number of their friends and relatives dropped in on them to spend the evening, which had been arranged by their daughter, Miss Lillian.

The evening went by very fast in the company of their friends, some of whom are from the East, where Mr. Eygabroad lived before coming to this city three years ago. Since coming here Mr. Eygabroad has been an active man in the Board of Trade, being one of the directors. He lives with his family on a ranch near this city.

Those present last night from out of town were Mr. and Mrs. A. W. Eygabroad of Frederickberg, Iowa, and Dr. and Mrs. Countryman from Aberdeen, S. D. Those present from around Anaheim were Mr. and Mrs. F. C. Hauran, Mr. and Mrs. Holingshead, Mr. and Mrs. Lacy and daughters Hazel and Florence, Mr. and Mrs. Sheridan, Mr. and Mrs. Elliott, Mr. and Mrs. Griffin and Mr. and Mrs. Goodale and daughter Helma.

The evening was spent in music and conversation. Mrs. Countryman gave two vocal solos, Miss Heleta Goodale gave a violin solo, and Miss Lacy entertained on the piano. A reading by Mrs. Calkins was enjoyed by all.

The friends who surprised Mr. and Mrs. Eygabroad surprised them with a silver casserole, or date dish. In addition they gave them a set of sterling silver knives and forks. Refreshments of ice cream, cake and coffee were served, after which the friends departed after congratulating them and wishing Mr. and Mrs. Eygabroad many happy returns of the day.

The dance held last night in the opera house proved a great success, but being a "Hard Times" dance was rather out of style owing to the rain which was so welcome.

## DROPS FIGHT FOR \$1 RATE

Anaheim to Consider Proposal to Pay Each City Trustee \$10 a Month

ANAHEIM, March 2.—The investigation which the city attorneys of the three cities of Orange, Anaheim and Fullerton, has resulted in the finding that the present rate of \$1.25 for gas cannot be reasonably lowered by the gas company, and so the matter of the three cities fighting for lower rates will be dropped. This investigation was taken up a few weeks ago in a combined effort of the people of the three cities to secure dollar gas. After a discussion the matter was left to the city attorneys of the three cities. The report last night to the city council by City Attorney Ames satisfied the board that it would be an injustice for the company to have to furnish dollar gas.

The trustees have placed the salary of the city clerk and ex-officio tax collector at \$125 per month. The city attorney was instructed to prepare an ordinance making the compensation of the city trustees at \$10 a month, the question to go on the ballot to be voted upon at the city election in April. The people vote on the trustees salary.

The lot on Cypress street which is the site of the old power house and which at present is littered with old iron, boilers, etc., is proposed to be cleaned up and a city park to be made. The matter was brought up before the board in the form of a petition presented by citizens in that part of town. The lot has a frontage of 270 feet on Cypress street, and is 140 feet deep. With the improvement of this plot with trees, lawns, etc., it will make a good place for a city park, although only comparatively small. It is only about two blocks north of Center street on Cypress street. The matter was referred to the superintendent of streets. The city desires to dispose of the old iron. The city street sweeper, Fritz Stoltz, got a raise of \$5.00 a month.

The proposal of the city to build the new jail has developed the fact that the present city hall extends an inch and a half on the lot of Joe Helmsen on the east. It was proposed that the new jail, which will be an extension on the south of the city hall, should be built entirely on the city's property. As this would mean a jog in the city hall and jail's wall, Mr. Helmsen has offered to donate to the city this inch and half now being used, and also to let the city continue the addition on his property, provided the city will allow him the eastern wall as a party wall. It has not been stated that Mr. Helmsen proposes to build on this lot, but it is understood he has the provision for future use.

Joe Piscus and others requested that the city order the removal of the open ditch on Santa Los Angeles street. They stated that they were willing to pay one-third the cost if the company would put in a cement ditch and place it underground. The matter was referred to the committee on public improvements to report.

The contract and bond of Williamson & Chamberlain, the contractors, who are building the addition to the city hall, was placed with the county recorder yesterday.

## FORD AGENTS HAVE SOLD MANY CARS

ANAHEIM, March 2.—The Ingram Bros. agents for the Ford automobiles, have been in their new salesrooms on North Los Angeles street about ten days. They have a beautiful place for showing off their machines. This firm has made a remarkable showing in regard to the number of sales it has made since it took the agency in the latter part of November, 1911. Up to the present time they have sold 31 cars, and in the last week they have sold six cars to the following men: Fred Pickett, Olinda; F. J. Buntain, West Anaheim; Nick Hugo and P. C. Woodward of Placentia, and Johnny Weaver of Anaheim. They have sold five carsloads and the sixth is expected to arrive on Tuesday.

## FULLERTON WINS BY SCORE, 16 TO 7

Y.M.C.A. Basketball Contest Last Night Ended in Santa Ana's Defeat

The Y.M.C.A. basketball teams of Fullerton and Santa Ana played the return game on the French street grounds last evening. Owing to the lateness of the hours when the Fullerton team arrived, the game was not called until 9 o'clock. The contest was brisk and interesting, and was witnessed by a large crowd, Fullerton winning the game in a score of 16 to 7.

The line-up was as follows: Fullerton—Evans, Porter, Hale, Burdett, Fuller. Santa Ana—Abbott, Palmer, Schenck, Raitt, Goddard. Officials—Referee, Schultz; umpire, Martin Warren; timekeeper, E. Barker; scorer, J. G. Morrow.

#### LOS ANGELES PRODUCE MARKET

Firm quotations and a steady demand were the characteristics of the general market. Moderate receipts of most commodities served to keep the market in good shape. There was a free movement of citrus fruits, oranges, lemons and tangerines being in good demand.

The market for apples was slightly more active, fancy three and four stock were in better demand, and fresh withdrawals of Oregon stocks from cold storage brought top prices. Newton Pippins led the trading. Fancy four-size sizes sold readily at \$1.75. Cooking grades moved more quickly, many retailers laying in considerable stocks of small but sound apples of various sorts.

A few crates of strawberries arrived on the market. Owing to their fine condition dealers' easily disposed of them at 17 cents per box.

Tropical fruits were somewhat firmer owing to the large demand. The best pineapples sold at 9 cents. Some fancy bananas were held at 4 cents a pound.

Peas were weak owing to the quality of the offerings. Tomatoes were scarce and Mexican stock readily commanded from \$2.50 to \$2.75 per box. Eggplant of good quality was very scarce and what little there was sold at 30 cents per pound.

Receipts of asparagus from Imperial Valley were liberal and the stock was well received, notwithstanding the market was well supplied with Sacramento "river" asparagus. The stock sold from 15 to 20 cents per pound.

The egg market was steady on both candied and case-count. Fatted eggs declined 1 cent to 18 cents per dozen. Seconds were quoted on change for the first time at 19 cents. Receipts were 747 cases.

Potatoes were again a firm feature of the market. Lumpers showed another advance of 10 cents to \$2.70 per hundredweight. Highlands moved well at the outside figure of \$2.25. Arrivals were 2962 sacks. Onions continued firm and active. The prevailing quotations were well upheld. Receipts were 368 sacks.

The bean market showed no change over the early part of the week, continuing firm on most varieties. Lima beans were in good demand under the revised figures of \$6.75 per hundredweight. Arrivals were 47 sacks.

Sweet potatoes were firm at the old range of figures. Arrivals were twenty sacks.

## AT THE COURTHOUSE

ASSESSMENTS  
BEGIN MONDAY

County Assessor Sleeper Will  
Have Same Set of Field  
Men as Last Year

Next Monday at noon the making of the 1912 assessment will be begun by County Assessor Sleeper, Chief Deputy Kelly and seven field deputies, who are Ed. F. Waite and A. G. Finley of Santa Ana, Al. Cotant of Tustin, A. C. Newell of Orange, W. H. Bentley of Westminster, R. S. Gregory of Fullerton and J. J. Schneider of Anaheim. The field deputies are the same men who served in the field last year, and are all of them competent and fair-minded, and with last year's experience to go on, they are well qualified to make an equitable, fair assessment.

For the last ten weeks County Assessor Sleeper has been going over the county looking up inequalities in assessments, and during the four months in which the assessment is to be made, one of his chief aims will be to get rid of inequalities.

"There has been a tremendous development in Orange county in the last year," said Sleeper. "I know that because I have been all over the county. With all of this development, this year's total assessment is bound to be bigger than last year's total."

A new feature this year of the work of the deputies is the exemption of property to the amount of \$1000 of ex-soldiers, their widows, fathers or mothers, whose entire property is valued at less than \$5000. This provision was made by constitutional amendment at the last election. The section applying to exemption reads:

Section 14. The property to the amount of one thousand dollars of every resident in this state who has served in the army, navy, marine

corps, or revenue marine service of the United States in the time of war, and received an honorable discharge therefrom; or lacking such amount of property in his own name, so much of the property of the wife of any such person as shall be necessary to equal said amount; and property to the amount of one thousand dollars of the widow resident in this state, or if there be no such widow, of the widowed mother resident in this state, of every person who has so served and has died either during his term of service or after receiving honorable discharge from said service; and the property to the amount of one thousand dollars of pensioned widows, fathers, and mothers, resident in this state, of soldiers, sailors and marines who served in the army, navy, or marine corps, or revenue marine service of the United States, shall be exempt from taxation; provided that this exemption shall not apply to any person named herein owning property of the value of five thousand dollars or more, or where the wife of such soldier, sailor, own property to the value of five thousand dollars or more. No exemption shall be made under the provisions of this act of the property of a person who is not a legal resident of this state.

**See Inspection**  
County Bee Inspector Pleasant has filed his report of February inspections, showing that he has gone through apiaries as follows: E. A. Honey, Orange, 165 colonies; Oscar Bissett, Williams Canyon, 80; John Whistler, El Modena, 75; J. Schultz, Williams Canyon, 50; R. M. Shaw, Black Star, 80; O. H. Smith, Santiago Canyon, 125. Wherever foul brood was found it was destroyed.

**For Final Papers**  
Applications for final papers of naturalization have been filed with County Clerk Williams by Antoin Cyprien Carle, an El Toro rancher, and Simon Toussou, an Anaheim rancher. Carle was born in 1878 in Germany and came to America in 1900. His witnesses are County Assessor James Sleeper and Deputy Assessor D. N. Kelly. Toussou was born in France in 1877 and came to America in 1900. His witnesses are Sheriff C. E. Rudbeck and August Toussou.

**Names a Deputy**  
Constable J. M. Clark of Westminster has appointed J. H. McMillan as a deputy.

**Asks for Pipeline**  
E. W. Pyne of Yorba has petitioned the supervisors for a permit to lay a 10-inch pipeline across a county road.

C. F. GARRATT, newly engaged Organist for United Presbyterian Church, now nearing completion.

C. Percival Garratt, a well known musician in various parts of the East and South, has opened a studio at 517 Bush street. Mr. Garratt has held the position of organist and choirmaster in some of the leading Presbyterian churches of the United States and Canada, and comes here to assume the duties of organist at the new United Presbyterian church of this city, as soon as the organ is installed. Mr. Garratt is not only an organist of ability, but is a specialist in the natural cultivation of the voice, having studied with the best of both European and American masters. He is therefore eminently qualified to act not only as organist but, if necessary, to direct a choir which will produce adequate music for the splendid new church which is approaching completion.

The organ of which Mr. Garratt will be master is now being built for the United Presbyterians by the Murray Harris Co. of Los Angeles. It is hoped and expected that the installation of the fine instrument will begin about the first of April. It is understood that the organ will be a beautiful and powerful instrument with complete equipment, an instrument which the new organist will find responsive to a master's touch. Mr. Garratt's studio will be open on Monday next.

MISERY FROM  
STOMACH GOES

No Indigestion, Heartburn, Gas  
or Dyspepsia Five Min-  
utes Later

Every year regularly more than a  
million stomach sufferers in the  
United States, England and Canada  
take Pape's Diapensin, and realize  
not only immediate, but lasting re-  
lief.

This harmless preparation will di-  
gest anything you eat and overcome  
a sour, gassy or out-of-order stomach  
five minutes afterwards.

If your meals don't fit comfortably,  
or what you eat lies like a lump of  
lead in your stomach, or if you have  
heartburn, that is a sign of indiges-  
tion.

Get from your Pharmacist a 50-cent  
case of Pape's Diapensin and take a  
dose just as soon as you can. There  
will be no sour risings, no belching  
of undigested food mixed with acid,  
no stomach gas or heartburn, fullness  
or heavy feeling in the stomach, Nau-  
sea, Debilitating Headaches, Dizzi-  
ness or intestinal griping. This will  
all go, and, besides, there will be no  
sour food left over in the stomach to  
poison your breath with nauseous  
odors.

Pape's Diapensin is a certain cure  
for cut-of-order stomachs, because it  
takes hold of your food and digests  
it just the same as if your stomach  
wasn't there.

Relief in five minutes from all  
stomach misery is waiting for you at  
any drug store.

These large 50-cent cases contain  
more than sufficient to thoroughly  
cure almost any case of Dyspepsia,  
Indigestion or any other stomach dis-  
order.
